## W. H. O'NEIL TO BE POLICE CHIEF

Included in Appointments For Next  
City Administration Announced  
By Mayor-Elect Today

### NEW FACES ON HEALTH BOARD

Dr. R. O. Kennedy to be Secretary  
and E. J. Farthing Street Com-  
missioner, Succeeding Havens

Walter Thomas, mayor-elect, to-  
day announced his appointments to  
the various offices for which he is  
responsible, principal among them  
being the appointment of William H.  
O'Neil, as chief of the police depart-  
ment, and E. J. Farthing as street  
commissioner.

Joe Williamson will be retained as  
chief of the fire department, which  
also comes under the appointment of  
the mayor. A new health board will  
take office, headed by Dr. R. O. Ken-  
nedy, who becomes secretary of the  
board, and the city health officer.

The other two members of the  
health board will be Dr. H. V. Logan  
and Dr. J. M. Lee. The board con-  
sists of two democrats and one re-  
publican. The retiring health officer  
is Dr. J. B. Kinsinger who was ap-  
pointed by A. B. Irvin, and the other  
two members who will retire are Dr.  
Will C. Smith and Dr. D. H. Dean.

A controversy which has arisen  
over the matter of the appointment  
of the city attorney, has not been  
decided as yet. As a fifth class  
city, the city attorney is appointed  
by the council, but as a fourth class  
city, the position becomes an ap-  
pointative one. Rushville is a fourth  
class city, but the management of  
the city government is conducted as  
a fifth class, which was done by  
the present administration in order  
to cut down operating expenses.

The present city attorney, George  
W. Young, who maintains that his  
position is up to the council, which  
will be of a republican majority, and  
if such is the case, would result in  
one change being made at the pre-  
sent.

Mayor-elect Thomas stated today  
that for the present he would not  
make any change in the fire chief,  
and he would wait until after the  
new motor pumper arrived, before  
any change would be made, if he  
should happen to make a change.

Fire Chief Williamson is a democrat,  
but was appointed under the pre-  
sent republican administration.

Mr. Farthing, the new street com-  
missioner, who resides at 328 East  
Ninth street, has had considerable  
experience in this line; and also is  
an experienced ditcher. He will suc-  
ceed Will Havens, present commis-  
sioner.

Mr. O'Neil, new police chief, is at  
present employed at the City Market.

## FRED PETTIT HELD ON LARCENY CHARGE

Arrested in Indianapolis and Brought  
Here For Alleged Theft  
From Local Concern

LOOT IS ESTIMATED AT \$10

Fred Pettit, age 38, giving his ad-  
dress as 1651 Ashland Ave., Indi-  
anapolis, is in jail here on a charge  
of petit larceny, being arrested by  
the police in that city yesterday and  
returned here to answer to the  
charge as preferred in Justice  
Steel's court. He pleaded not guilty  
today and was allowed to go on his  
own recognizance.

The affidavit alleges that he stole  
electric light bulbs and fixtures to  
the value of \$10 from the Rushville  
Implement company, during the  
latter part of November.

Two cases against Frank Mazingo,  
assault and battery and surety of  
peace, and a case of surety of peace  
against Wess Woods, were dis-  
missed in this court today, upon motion  
of the prosecutor.

Gerard Goodin pleaded guilty yester-  
day to a charge of evading a  
board bill and paid his fine of \$7  
and costs and made good a delin-  
quent bill. George Edmondson was  
the prosecuting witness in the case.

## Tuberculosis is Preventable And Curable But

In Indiana 3,151 persons died  
of tuberculosis last year.

It is comparatively estimat-  
ed that there are now 30,-  
000 cases of tuberculosis.  
Sickness and death from tu-  
berculosis represents a money  
loss to Indiana of over \$10,-  
000,000 a year.

Tuberculosis Christmas Seals  
gave to this year:

Better nursing service.  
Clinics in 48 counties.  
Educational campaigns in 58  
counties.

Modern Health Crusade in  
fifty-seven counties.

Modern Health Crusade in  
fifty-seven counties.

Enrolled 110,000 children as  
Health Crusaders.

You can help.

Christmas Seal your Christ-  
mas mail.

## RECORD OF 1920 IN HAILING DISTANCE

Sales Today, With Inn is, Pearce  
Employees Investing \$177.30  
Brings Seals Total to \$1213.54

### UNIQUE PLAN IS DEvised

Each of 125 People in Factory Con-  
tribute Three Hours Pay—Rush-  
ville Alone Buys \$1127.44

Last year's mark in the Red Cross  
double-barred Christmas Seals cam-  
paign was in hailing distance today,  
due to the addition of \$226.06 today  
to the money which is being raised  
in Rush county to fight disease dur-  
ing 1922.

Innis, Pearce and company and  
employees were responsible for the  
largest day's sales reported in the  
campaign, the sum of \$177.30 having  
been raised in unique way to sup-  
port the Christmas Seals effort.

It was suggested to the people  
working in the furniture factory  
that they donate three hours pay to  
the cause and they readily ac-  
quiesced. There are approximately  
one hundred and twenty-five on the  
factory payroll.

By this act, they displayed their  
appreciation of the work of the vis-  
iting nurse, a part of whose support  
comes from the money derived from  
the sale of Christmas Seals. This is  
the first time this plan has been  
used in the campaign and it was or-  
iginal in the local factory.

The splendid showing today  
brought the total for the campaign  
to date up to \$1,213.54, which is  
only about \$100 short of the sum  
raised last year when the county  
averaged seven cents per capita.  
There is no doubt that the 1920  
mark will be passed as only one  
township, Anderson, outside of  
Rushville, has made a report. This  
township surpassed its quota by  
fifty percent, giving \$86.10.

With the sum reported by Miss  
Mary Stewart, Anderson township  
chairman, deducted, the total for  
Rushville city alone is \$1,127.44,  
which more than equals the goal  
of \$1,000 set for this city. The way  
Rushville and Anderson township  
has responded this year is a source  
of much satisfaction to the manag-  
ers.

## IS MISSED BY 18 DEGREES

Zero Closely Approached by Mer-  
cury—Rain or Snow Coming

The mercury missed the zero  
mark last night by 18 points, ac-  
cording to the low record estab-  
lished during the night, at the govern-  
ment station in charge of Elwood  
Kirkwood. The weather predictions  
were from zero to 10 above, but the  
lowest reached was 18 degrees. At  
noon today the thermometer had  
climbed up to 24 degrees, only six  
above the low level, but indications  
were for warmer weather tonight,  
with probably rain or snow tomor-  
row.

Temperatures for the next 36 hours  
are expected to be near freezing, ac-  
cording to the weather reports sent  
out this afternoon.

## HENRY WATTERSON IS DEAD IN FLORIDA

Noted Editor of Louisville Courier-  
Journal Succumbs to Bronchial  
Trouble at Jacksonville

### PIONEER NEWSPAPER MAN

Had Taken no Active Part in Jour-  
nalism During Last Few Years  
—82 Years Old in February

(By United Press)  
Jacksonville, Fla., Dec. 22.—Henry  
Watterson, noted editor of the Louis-  
ville Courier-Journal, died in a hotel  
here at 6:50 a. m. today.

Watterson came here to spend the  
winter because of failing health.

Bronchial trouble was the direct  
cause of Watterson's death. His  
wife, his son, Henry L. Watterson,  
Jr., and his daughter, Mrs. William  
Miller, were at his bedside when the  
end came. Funeral arrangements  
have not yet been completed, but it  
is thought probable that the body  
will be removed to his home in Jeffer-  
sontown, Ky., for burial.

Henry Watterson was the "grand  
old man of American journalism."  
He would have been 82 years old  
next Feb. 16.

He was a pioneer in the news-  
paper field of the south middle-west  
and by the bitter invective style of  
his editorials swayed the entire  
United States. It was he who first  
created the phrase:

"To Hell with the Hapsburgs and  
the Hohenzollerns" as the United  
States hovered on the brink of war.

For the last few years, he had  
taken no active part in journalism.  
He retired when the Louisville Courier-  
Journal ownership passed from  
his hands to Robert Bingham, its  
present owner.

After his retirement from active  
editorial writing he composed the  
memoirs of his life in two brilliant  
volumes called "Looking Backwards"  
in this series, he told the entire story  
of his life.

He was extremely proud of the  
fact that he was born in Washington  
"the center of diplomacy." His  
father was a congressman from Ten-  
nessee and he early became identi-  
fied in national life.

John Quincy Adams used to walk  
along the streets of Washington with  
his arm on Watterson's shoulder  
while the boy read to him. He sat  
on the knee of Andrew Jackson. He  
was an amateur page in congress  
and was at John Quincy Adams' side  
when he fell.

Watterson began his newspaper  
career as a reporter on the Wash-  
ington States. Then came the civil  
war. The fiery old warrior of the  
pen then—a youth in his teens—  
enlisted and served as an aide de  
camp to Generals Forrest and Polk.

After the war he began a "travel-  
ing newspaper." He edited the Chat-  
tanooga Press.

## FUR THEFT AMOUNTING TO \$120 IS REPORTED

Thieves Enter Hyman Schatz's Sons  
and John Garrett Establishments  
Here

CLUE IS BEING RUN DOWN

A fur theft amounting to \$120 or  
more was reported today, as the re-  
sult of two robberies on Monday  
night, one being at the office of the  
Hyman Schatz's Sons Company and the  
other being at the home of John  
Garrett, a fur buyer.

Two locks were broken at the  
Schatz place, corner of Third and  
Sexton street, and \$60 worth of furs  
were stolen, most of them being  
coon furs.

At the Garrett place, corner of  
Third and Arthur Streets, one block  
west of the Schatz place, another  
loss of \$60 was reported on the  
same night. The loss here included  
furs and 15 star skunk hides.

The prowlers were not discovered  
at work and it was not known until  
the following morning that the plac-  
es had been entered. Harry Schatz  
stated today that they had a clue to  
the robbery.

## REVISES RULES ON SUBMARINES

Sub Committee of Arms Conference  
Naval Committee Votes to Change  
International Methods

### CAN'T BE DONE AT ONCE

Many Powers Other Than Those Re-  
presented in Washington Parley  
Must be Considered

(By United Press)  
Washington, Dec. 22.—Revision  
of the international rules of warfare  
as applying to the use of submarines  
was provided in a resolution adopt-  
ed by a sub committee of the arms  
conference naval committee, it be-  
came known today.

It was also revealed that America  
had opposed abolition of poison gas,  
contending its use was humane or  
more so than high explosive shells.

Revision of the submarine rules  
can not be accomplished immedi-  
ately because so important a topic af-  
fects other than the five naval pow-  
ers of the naval conference. This  
must be considered and acted upon  
by other nations.

Meanwhile, hopes for a speedy set-  
tlement of the naval limitation ques-  
tion by France agreeing to back  
down to some extent from the de-  
mand for disproportionment in the  
line of light cruisers, submarines  
and auxiliary craft, were brighter,  
when it was learned the French de-  
legation received another cablegram  
from Premier Briand.

The committee on armament at its  
morning session engaged in a gen-  
eral discussion but according to the  
American delegation, made no pro-  
gress and did not actually take up  
the question of submarines.

Away from home and without the  
support of his naval advisers Bri-  
and seems to be gradually backing  
down completely.

Britain's plea for total abolition  
of submarines was due for rejection  
whether the submarine question was  
to be taken up on its merits with re-  
gard to submarine relation to capi-  
tal ship tonnage.

The French group indicated be-  
fore the meeting that it would have  
a rather elaborate demand for aux-  
iliaries, paying no heed to the  
Hughes allotment and the natural  
place of France therein. How a cut  
in submarines was to be reconciled  
with the French demands was unre-  
vealed.

## FORGER IS APPREHENDED

Man Who Passed Worthless Check  
Here, Posing as Rotarian Arrested

A man representing himself to be  
Dr. John H. Beeson of Crawfords-  
ville, who with Dr. Beeson's Rotary  
club identification card, has been  
forging checks in many places  
throughout the country, has been ar-  
rested in St. Augustine, Florida, ac-  
cording to word received at Craw-  
fordsville.

A local merchant was one of the  
forger's victims. He came into Rush-  
ville one Saturday night and by  
means of his stolen identification  
cards, successfully passed a worth-  
less check. He left Rushville im-  
mediately and the forgery was not dis-  
covered until some time later.

Dr. Beeson lost his Rotary club  
card at Milwaukee while attending a  
meeting of the National Dental as-  
sociation.

### CHRISTMAS PROGRAM

A Christmas program will be given  
Saturday evening at 7:30 o'clock at  
the Methodist Episcopal church in  
New Salem. There will also be a  
large Christmas tree. The public is  
invited to this entertainment.

### BARBER SHOPS TO CLOSE

All barber shops will close here  
all day on Monday, on account of  
Christmas being on Sunday this  
year.

### BABY GIRL IS BORN

A baby girl was born to the wife  
of Frank Cannon of Greencastle,  
Ind., early this morning, according  
to word received here. The baby  
was named Elizabeth Ann. Mrs. Can-  
non was formerly Miss Esther Black  
of this city.

## High School Glee to Carol Xmas Eve

The high school boys' and  
girls' glee clubs will sing  
Christmas carols in Rushville  
Christmas eve, Miss Sarah  
I. McConnell, supervisor of  
music and director of the  
clubs, announced today.

The two clubs will set out  
on their journey, in observance  
of an ancient custom about  
midnight Saturday night, and  
endeavor to cover every sec-  
tion of the city. Practices are  
being held and some selections  
suitable for the occasion are  
being rehearsed.

Rushville people who would  
like to hear the carol-singers,  
are asked by Miss McConnell to  
place a candle or a light of  
some sort in their window, and  
they will be given a special  
concert.

## STOKEL ADMITS DENTAL ROBBERIES

Man Near Death at Princeton Con-  
fesses He Entered Cunningham's  
Office With Theft Motive

### SHOT BY PRINCETON MAN

Broke Into Dentist's Offices in Sey-  
mour and Columbus, According  
to His Confession

(By United Press)  
Princeton, Ind., Dec. 22.—Lying on  
the hospital cot where he probably  
will die from two bullet wounds in  
his chest, Paul A. Stokel confessed  
last night to being a robber of den-  
tal offices.

Stokel said he had robbed Dr. C.  
D. Smith of Columbus, had broken  
into an office in Seymour and had  
intentions of robbery when he tried  
to spring the lock of Dr. J. E. Cun-  
ningham's door here and was shot  
by Cunningham.

A sudden turn for the worse in his  
physical condition and the proposal  
of attorneys of pressing the latter  
charge against him drew the con-  
fession from the New York man  
who said he was a buyer of scrap  
gold.

He was a heavy loser in horse rac-  
ing and was nearing financial ruin  
and saw no other way to clear up  
his debts, he stated. He said the two  
robberies and the third attempt were  
the only thefts he had ever under-  
taken but authorities are trying to  
obtain a more detailed confession.

"Why didn't you tell me you had  
everything mortgaged and we could  
have fought it out together", sobbed  
his 22-year-old wife for whom he  
maintained a luxurious apartment in  
New York.

His divorced wife who came down  
from Chicago, said she and her  
daughter, 18 years of age, consid-  
ered Stokel an honorable man. Stokel  
is 42 years of age. It was revealed  
Stokel had served a prison term.

## ONLY ONE ALTERNATIVE

Ireland Must Accept Treaty. Leader  
of Irish Army Asserts

(By United Press)  
Dublin, Dec. 22.—Ireland does not  
like the British treaty and she does  
not want it—but she can do nothing  
but accept it, General Richard Mul-  
cahy, leader of the Irish republican  
army, told the Dail Eireann today.

Summing up the general attitude  
of the majority of the Irish people,  
he said:

"We don't like the pact; we don't  
want a king; we don't want a crown  
representative; we don't want enemy  
forces occupying our harbors and  
we don't want to partition Ireland—but  
what alternative is possible?"

## 2 DAYS TO CHRISTMAS.

## GETTING DOWN TO BRASS TACKS

Members of Rotary Club and Elks  
Lodge Are Making Purchases  
For the Unfortunate Children

### LISTS ARE DISTRIBUTED

Managers of Fund Count on More  
Money, Believing Generosity of  
Friends Will Not Wear Out

### JUST TWO DAYS LEFT

Previously reported	\$446.07
Mrs. C. H. Parsons	2.00
Harry G. Francis	10.00
Salvation Army kettle	14.08
Dr. Frank H. Green	5.00
Total	\$477.15

With the Daily Republican-Salva-  
tion Army Christmas fund shooting  
at the \$500 mark, those who have  
the responsibility for distributing  
the gifts among the unfortunate  
children of Rushville, were getting  
down to brass tacks today.

The cards bearing the names of  
the children in the families who are  
to be remembered, were distributed  
Wednesday evening and this morning  
among the members of the Rotary  
club and the Elks lodge. Each man  
received one family, and he is expect-  
ed to find what their needs are, make  
the purchases and deliver the gifts,  
together with a basket of food, if  
the family is to receive one, either  
Christmas eve or Christmas morn-  
ing.

A list of instructions given to  
each assistant Santa Claus explains  
how much is allotted for each child.  
The purchases are charged to the  
Christmas fund and the bills will be  
paid after Christmas.

In fixing the amount to be spent  
on each child, the managers of the  
fund counted on the generosity of  
contributors not wearing out before  
Christmas eve. They took into con-  
sideration that the money gifts  
would continue to come in until Sat-  
urday evening, as they have in the  
past, and the fund will come up short  
if any of Santa Claus' friends fail  
him at the last moment.

Close to the average of the last  
few days was maintained today when  
\$31.15 was contributed, almost half  
of it coming through the Salvation  
Army kettle.

## YOUNG MEN DRAW A SUSPENDED SENTENCE

Ora Patterson and Isaac Walls  
Plead Guilty to Stealing Over-  
coat From Alva H. Swain

ALSO FINED \$1 AND COSTS

Ora Patterson and Isaac Walls,  
who pleaded guilty on December 8 in  
the circuit court to a charge of  
grand larceny, appeared this morn-  
ing, and Judge Sparks passed sen-  
tence upon them by giving them a  
fine of \$1 and costs and a sentence  
of from one to 14 years in the re-  
formatory, with the sentence being  
suspended during good behavior.

The two young men were arrested  
on an affidavit filed by Alva H.  
Swain, who alleged that they stole  
an overcoat belonging to Charles  
Linville, on November 6th, the al-  
leged transaction taking place in a  
country church. The overcoat, it was  
understood was returned soon after-  
wards to the owner.

Following their arrest on December  
8, each entered a plea of guilty, and  
their sentence was withheld until  
the court could investigate.

Patterson stated that he was 21  
years old and Walls gave his age as  
19.

### ANNUAL CONCERT DEC. 29

The annual concert of the Homer  
Cole orchestra will be given at the  
Main Street Christian church Thurs-  
day evening, January 29. The ad-  
vance sale of tickets indicates that a  
large crowd will attend. It is the  
custom of the orchestra to give a  
concert during the holidays each  
year.

### Kidney and Bladder Troubles HAVE TO GO

Clogged up kidney deposits are dissolved and the toxins (poisons) completely driven out. "Your very life," says Dr. Carey, "depends upon the perfect functioning of your kidneys." Don't neglect them. When your back aches, have darting pains, dizziness, headaches, bad stomach and tongue, annoying bladder troubles, cloudy urine, rheumatism, puffy eyes, specks, or any other tendency to Bright's Disease, Diabetes or Gravel, Kidney Trouble in its worst form may be stealing upon you. Never mind the failures of the past, insist upon having, at once, a bottle of guaranteed Dr. Carey's Marsh-Root Prescription No. 777. (Liquid or Tablet form) from All Druggists for Kidney and Bladder troubles don't wear away, they will grow upon you slowly, stealthily and with un-failing certainty. Every good drug-gist has been authorized to refund purchase price on two bottles to all who state they have had no benefit

### FOR NECESSITIES ONLY

County Commissioners Not to Fur-nish Bathing Suits to Pupils

(By United Press)  
Indianapolis, Ind., Dec. 21.—  
"Some day they will be asking to furnish powder puffs and lip sticks for the girls, and cigarettes for the boys,"  
So remarked Walter Owen, deputy examiner of the state board of ac-counts, when he read a letter from a northern Indiana school-commission-er asking permission to furnish bath-ing suits and gym shoes to in-digent students.  
County commissioners, Owen said are supposed to furnish necessities of life only to pupils that cannot afford them.

This Christmas, give her a Hoover as a lasting reminder of your thoughtfulness. Give her the joy of an immaculate home, with rugs that are ever clean and attractive. Transform her hours of drudgery into hours of ease and leisure. All these a Hoover means, and more. For this efficient cleaner also lessens many household expenses as well as repeatedly pays for itself by its guaranteed ability to extend the life of rugs. Gently it beats out all nap-wearing grit from rug depths. Electrically it sweeps up stubbornest litter, erects crushed nap, and freshens colors. Powerfully it suction cleans. Only The Hoover does all this. "Give her a Hoover and you give her the best."

Attorney General Orders Nation Wide Probe Into Wholesale And Retail Prices of Commodities

WM. J. BURNS IS IN CHARGE

Washington, Dec. 22—A nation wide investigation of both wholesale and retail prices of food stuff of all kinds, shoes, clothing and fuel was ordered today by Attorney General Daugherty.

Daugherty stated that this is a bringing down retail prices. William J. Burns, head of the bureau of investigation of the department of justice will conduct the investigation.

Daugherty claimed retail prices are out of proportion to the whole-sale prices. The investigation will reach back to the farm and other sources of products of raw material.

The Attorney general also is particularly interested in breaking up trade associations organized for the purpose of crushing competition which results in profiteers.

Retailers particularly among gro-cers are responsible for the wide difference between the wholesalers and the retail prices of necessities, Daugherty said. Many retail grocers have banned together in associations for the purpose of profiteering, Daugherty added.

Retail prices are too high, said Daugherty. They are out of line with the prices paid for raw materials and prices paid retailers.

New York, Dec. 22—Heaviness characterized the industrial list at the opening of the New York stock exchange today. The selling which started in the late trading on Wednesday was concerted on a number of active speculative issues which receded a point or more before support was met. Asphalt dropped ½ to 64½ but immediately rallied above 65; Mexican Petroleum got below 112; Famous Players below 77, and Steel common below 83.

tanooga Rebel, a paper printed in a wagon. Later he went to Louisville, Ky., where he stayed for half a century to make newspaper history.

In 1868 he merged the Journal and the Democrat and the Courier into "The Courier-Journal." Then he took up the editorial banner to strike for a solidified north and south. With brilliant words that struck at the heart of every one, he drew the attention of the nations and his editorials were printed in journals throughout the country. Then the world came to know him as "Ole Marse' Henry."

He was a great advocate of journalistic enthusiasm. He repeated often the old phrase that "journalism is the art of knowing where Hell is going to break loose next and having a man there to cover it."

He hated the "glossy" and "showy" things. He used to roll down to the Courier-Journal offices in a big motor car, wearing a sailor's "pea jacket" instead of an expensive fur coat.

On the wall of his office where he wrote most of his editorials, there were no pictures of famous lights of literature. There was little more than an old straight topped desk, stacks of papers crammed illogically in cubby holes and an ink well and pen.

He wrote a miserable hand and most of the printers had a hard time setting up his articles.

There were no typewriters in his day and when they finally came into use, he ignored them and stuck to his pen much to the disgust of the printers.

On one occasion he wrote in an editorial the words "gilt edged bonds" and the printers read it "guilty edge bonds" and that was the way it got in the paper. Another time he wrote in tribute to an aged citizen of Louisville who had died "he has entered the sleep that knows no waking." The printers read it "he enters the ship that knows no shaking and thus it was printed.

Many famous journalists began their careers under Watterson. Among the most prominent are Isaac Marcossan and Irvin Cobb.

Of late years Watterson on account of advancing age, has not taken an active part in the work of his paper as formerly.

He was once in congress having been elected in 1876 to fill an unexpired term. Serving from August, 1876, to March 1877, Watterson declined to stand for re-election. He was temporary chairman of the Democratic national convention in 1876 and was a delegate in 1880, 1884 and 1888.

Watterson a life long Democrat, broke with Woodrow Wilson during the fight on the League of Nations. He actively opposed ratification of the League covenant and refused to support Wilson. His editorial attacks on the league was one of the final editorials of his day and were among his most forceful writings.

## War Mother of Christmas Seal

It was civil war that brought forth the charity stamp—our civil war of '61 to '65. Some of your grandmothers first played "postoffice" with stickers similar to Red Cross Seals was back in 1862, when they conceived the idea in selling stamps at fairs for the benefit of the relief funds for the soldiers' hospitals in Brooklyn, Boston and elsewhere. Nearly \$1,000,000 was raised in this way before 1865. After the war this

method of raising money was discontinued in this country for a generation, although it found vogue in Portugal, Switzerland, Austria, France, Spain, Denmark, Norway, Russia, Sweden, and other European countries. There are now several thousands of different types of charity stamps used in all parts of the world as many as 40 being used in Austria for children's hospitals alone.

Stamps or seals were first used to get money for the anti-tuberculosis crusade in Norway and Sweden in 1904. The Jacob Riis, the well known social worker of New York, and to Miss Emily P. Bissell, the energetic secretary of the Delaware Red Cross, jointly belongs the honor of originating our American Red Cross Christmas Seal. In 1907 Mr Riis' interest was aroused by the receipt of a Christmas tuberculosis stamp on a letter from Norway. He published an article about this queer looking stamp in the outlook and suggested some possible uses for it in this country. Miss Bissell, once saw any opportunity here and prepared a stamp, from the sale of which the society realized \$3,000 for tuberculosis work.

So impressed was she with this success that she induced the American Red Cross to take up the sale in 1906 on a national basis. It is fitting to note that war, inhuman and cruel, was the mother of the seal and that now war for humanity against disease brings it back to its fullest usefulness. Since 1918, however, the anti-tuberculosis work has grown to such proportions that it has been organized to stand alone. No longer connected with the Red Cross it is conducted now by forty-eight State Associations in conjunction with The National Tuberculosis Association. And the old Red Cross Seal is now known as the Double-Barred Christmas Seal.

## The I. &amp; C. Extension

The announcement that the Indianapolis & Cincinnati traction line may be extended next year has once again thrown Connersville into a state of deep despair. It is not possible to mention the subject (since the I. & C. decided to extend over the rich scenic route through southern Rush county) without a wailing and a gnashing of teeth over east.

Connersville has reason to reveal its chagrin because the extension is a valuable asset to any city. The route which has been selected opens up a territory untapped by any steam or electric line and will make Rushville a trading center for scores of people to whom this city is not accessible. Furthermore, it will make Rushville the principal city between Indianapolis and Cincinnati and the junction for the Connersville branch. The traction line, in definitely selecting the route before the war, took into consideration every drawback and every good point of both proposals. Those who had the authority to designate the line to be

followed, evidently decided that the smooth rolling country in southern Rush county, with its prosperous population inhabiting well-cultivated and rich farmland, was a much more desirable section from which to draw patronage, than the hilly clay land of southern Fayette county.

It was plain that the absence of ravines in southern Rush county figured in the selection, because a

bridge will not be required every few rods, whereas in southern Fayette county, it is not difficult to leap from one hill to the other.

The Connersville News-Examiner, in lamenting the fact that the I. & C. has used such little judgment as to pass up the "several thriving communities to the south" of Connersville, says it is evident that someone has the idea that more business is to be derived from the "paw paw

area," referring to Rush county.

Paw paws, at least, require rich, productive soil and will not thrive on the clay dunes of southern Fayette where sweet potatoes starve to death. Commenting on extension of the line from Connersville, the News-Examiner points out that the only places missed "would be those small towns which lie on the wilderness route between Rushville and Brookville. The question is whether these are more important than Glenwood, Connersville, Laurel and Metamora."

The News-Examiner should be informed that the extension from this city passes through New Salem, Andersonville and Metamora and misses Laurel by only a mile, and has scores of other advantages over the Connersville route. Furthermore, Glenwood people would find it quite as easy to come to Rushville and take the Cincinnati route as to go to Connersville.

## HARRY FRAZEE IS CHAMPION SELLER

Owner of Boston Red Sox With One Sweep Gets Rid of Quartet of Star Players

### WHAT HE GOT IN RETURN

Looks Like the Yanks Will Eventually Consist of Red Sox Graduates All Together

By HENRY FARRELL  
(U. P. Staff Correspondent)

New York, Dec. 22.—Harry Frazee has the reputation of being the champion seller of baseball and he's living up to it.

Annually as a matter of habit, the owner of the Boston Red Sox frisks his club of stars. His 1921 act is the champion.

With one sweep he gets rid of Everett Scott, the greatest fielding short stop in the game and the star endurance man of baseball; Stuff McInnis, the greatest fielding first baseman in the game; Sam Jones and Joe Bush, a pair of twirlers that any club in the major league would take.

For them he gets from the Yanks, Roger Peckinpaugh, a slipping short stop and a trio of second hand pitchers, Jack Quinn, "Rip" Collins and Bill Piercey. For McInnis, he gets from the Cleveland Indians, Elmer Smith a first class outfielder, George Burns and Joe Harris who is now on the ineligible list.

All parties concerned, say there was no cash involved but wise baseball men laugh.

The Cleveland deal may have been a player-player proposition but the swap with the Yanks obviously carried large cash trimmings.

With Scott, Jones and Bush added to the line up the Yanks look rather sweet for another pennant. Huggins needed pitchers badly and now he has a real staff with Mays, Hoyt, Shawkey, Jones and Bush. The club still needs at least one outfielder to work until Babe Ruth and Bob Meusel serve their time. The deal with Detroit for Bob Veach is still on with the Tigers, but Howard Ehmke may drop out of the negotiations unless the Yankee colonels want all the pitchers in the league.

Eventually the Yanks may consist entirely of Red Sox graduates as the club now has on its roster Mays, Ruth, Schang and Hoyt, who moved down from the common.

## PURPLE TOSSERS HAVE HIGH HOPES

First Time in Seasons, Northwestern Looms Out Bright Under Dana Evans, New Coach

### WAS FORMERLY OF INDIANA

Team Last Year Won Only One Conference Game And Schedule Opens on Jan. 7 This Season

Evanston, Ill., Dec. 22.—For the first time in seasons Northwestern university's basketball hopes are high.

The Purple tossers lost only one regular by graduation, Lyman, forward, and the yearling material, after several days of careful pruning, gives evidence of great strength.

Besides, the North Shore lads have a new coach, Dr. Dana Evans, formerly of Indiana University and Beloit. Evans comes to Northwestern with an excellent reputation as a tutor of winning basketball fives.

Though Northwestern won but a single Big Ten game last season, defeating Wisconsin in the opener, followers believe that Evans, with the strong nucleus of veterans, will finish near the top when the curtain falls in March.

Three good forwards are available Vincent Franzen, Saunders and Palmer. This trio is staging a merry race for permanent berths.

Holmes, who handled the pivot place creditably last winter, is counted again a fixture, though Houghton, a sophomore, may break into the line-up frequently, if he shows expected form.

Jimmy Patterson, football captain-elect, is the leading contender for back guard, while McKenzie and Calhoun, clever performers in the passing game on the floor, are highly touted as aspirants for running guard.

The Purple five started auspiciously against Armour Institute last Saturday, showing great offensive power. The first real test of the season, however, comes December 17, when Notre Dame's fast quintet appears on the Evanston court.

Featuring the pre-season practice games is the clash with the touring Yale university team on New Year's eve.

Northwestern's conference season opens January 7 against Minnesota at Minneapolis.

## TWO THINGS LOOM UP IN BASKETBALL

College Teams Are Stronger Than Independents and High Schools Are Going Big

### SCORES ARE COMPARED

Several High Teams Are in First Line For Claim on State Honors, Even This Early

By HEZE CLARK  
(Written for United Press)

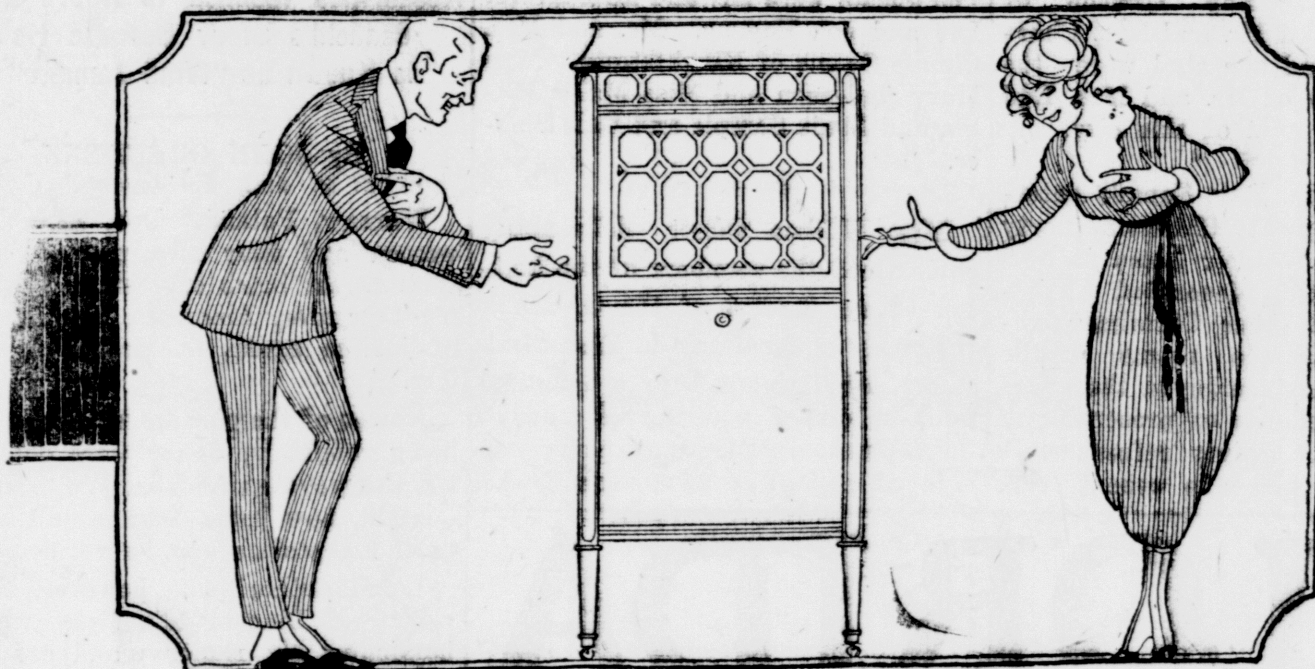

Indianapolis, Dec. 22.—Now that the basketball season is under full headway there are two things evident to the followers of the indoor sport. First is that the college teams are as a rule stronger than the best of the independents and professionals. Second is that there are some high school teams in Indiana that are so fast and clever, that they would give any Hoosier college a real game if the rules of the I. H. S. A. A did not forbid regular games between high schools and colleges.

Not that the professional basketball players have not developed team work but these men playing for money rather than the sport and athletic exercise, do not have the fight and endurance to win close, hard fought games. This was shown last week by three games which were won by college teams in the final half. Butler came from behind and beat the Indianapolis Chamber of Commerce by a score of 34 to 29. Franklin college, after getting a bad start against Em-Roes, got busy in the last half and defeated the one-time independent champions of the Hoosier state.

Coach Pete Vaughn's fighting "Little Giants" trailed at the sport end of a 20 to 11 score at the close of the first half of the game with the Chamber of Commerce, but the final score was Wabash, 35, Indianapolis Chamber of Commerce, 28.

Martinsville, Franklin, Anderson and Jefferson high of Lafayette, again have teams which will make strong bids for the state titular honors. Early games, however, show that some teams in some of the larger high schools of the state are extremely weak. The top heavy score of Anderson against Technical of Indianapolis is proof of this. Why the Indianapolis high school teams are so weak in basketball is a problem that sport critics are trying to solve. After all it is not necessary to look far. It is not the

## BOSTON LEADS IN FIELDING

For Sixth Consecutive Season, Red Sox Stand at the Head of the American League

YEAR'S AVERAGE IS .975

Chicago White Sox is Second With .969 and Cleveland Third With .967—Yanks Are Fourth

Chicago, Dec. 22.—Boston, for the sixth consecutive season, led the American league in fielding, figures released today show.

The Red Sox fielded for an average of .975, followed by Chicago .969; Cleveland .967; and the Yankees .965.

Only 157 errors were chalked up against the Boston players, as compared with Philadelphia in last place with 274 miscues.

The Athletics, however, topped in the greatest number of putouts, 4,200; Chicago in assists, 2,124; and the White Sox also in the most double play, 155.

With four triple plays in one season, one each by Chicago, Washington, St. Louis and Detroit, a new world's mark was set.

Individual fielding honors went to Stuff McInnis, of Boston who bobbled only once in 152 games, for an average of .999. He plays first base.

The premier second baseman was Collins, Chicago, with a .968 mark, trailed by Wambsganns, Cleveland, .963, considering only the men who played regularly. Dykes, of Philadelphia for the third straight year, topped Keystone sackers in accepted chances with an average of 6.17 chances per game.

Scott, Boston, was the real leader of the short stops with an average of .972, while Howard Shanks, Washington, headed the third basemen, handling 571 chances in 154 games for a .960 mark. He previously played the outfield until shifted to third when Foster was traded to Boston. Manager Tris Speaker of the Indians was first among outfielders who played regularly with an average of .984. Jacobson of St. Louis was second with .982 in 141 games.

Ray Schalk, Chicago, who has caught more than 1,000 games in nine consecutive seasons, again outdistanced the catchers with the exceptionally fine average of .985 followed by O'Neill, Cleveland and Gharrrity, Washington.

Coveleskie, Cleveland, with 108 assists, 23 put outs, for an average of .992, topped the hurlers. He participated in 43 games.

## High School Dope

The first squad had it's final practice in the "gym" this afternoon for tomorrow night's game. According to Coach Sutton, every player was "in the pink of condition."

The Senior Class Play Committee, composed of four Seniors who are well versed in dramatic productions, is busily engaged in selecting a Senior Class Play. The personnel of the committee guarantees the success of the selection.

Although the High School Band hasn't practiced this week, and we thought that they had gone back on us, we have just learned from the cornetist that they will be at the game Friday night to contribute their usual share of "noise."

In yesterday's paper we told you if you hadn't ordered a Senior Annual yet to see a Senior about it. In order to prevent you from asking a lower classman by mistake, (which would embarrass him), we volunteer the following descriptive information: Seniors wear sweaters with "22's" sewed on them. The intelligent members wear blue and white ones, the others black and gold ones.

We will be able to tell you for certain in tomorrow's paper the team that the second squad will play in the curtain raiser for the New Palestine game. We think it will be Arlington. Speaking of the second team, reminds us of a practice game between the first and second teams Tuesday night. Out of sympathy for the second team we will refrain from printing the score.

## FOUR MEN AND TWO WOMEN IN THE PLOT

American Department of Justice Agent in Warsaw Refuses to Divulge Names of Suspects

SOUGHT IN N. Y. BOMB PLOT

Authorities Inclined to Doubt Lindenfeld's Story Because He is Known as "Wind Jammer"

By JOHN GRAUDENZ  
(U. P. Staff Correspondent)  
Warsaw, Poland, Dec. 22.—Two women and four men plotted the Wall Street bomb explosion, Sylvester Cosgrave, American department of justice agent, declared here today.

Names of the plotters who are now being sought by police were obtained, Cosgrave said, from Wolfe Lindenfeld, now being held in jail here until his stories can be verified.

Local authorities, however, are wary of Lindenfeld's story which implicates six radicals and exonerates him. A personal investigation of Lindenfeld's past activities and reputation revealed the fact that he is known as a "wind jammer." He admits he has lied several times to police and he changes his story every day. A personal friend of his told me, every one around his home called him "Windy Bill" because he bragged about himself so much.

"I think he is merely bragging," one of Lindenfeld's friends who know him in New York said.

Lindenfeld's younger brother and his father were heart broken. They were at first reticent to talk of Lindenfeld. They were extremely frightened, but finally told the following details of Lindenfeld's life up to the present time.

William (they called Lindenfeld by that name) was never involved in the Russian revolution. The aged father said:

"I can bring hundreds of witnesses to testify that he worked as a wood cutter with me during that time in the mountains."

William returned to Poland suddenly after a long visit to America. He had little money. Soon he was without funds and began borrowing money from his friends and his brother.

One day he received a letter informing him that Cosgrave was on his way to Warsaw to take him to America. William with moist eyes cried joyfully "My best friend—a member of the labor party—is coming to fetch me soon to see my wife and children."

When William first saw Cosgrave at the American embassy he greeted him heartily. They both men often after that, the younger brother sometimes accompanying Lindenfeld.

William was surprised that Cosgrave—a member of the Labor party, Lindenfeld believed—had such a good standing at the American embassy, but he did not become suspicious immediately.

"William and I then went on a short trip," the younger brother said. "When we returned my sister accompanied us to the hotel Bristol where we went to see Cosgrave. My sister waited in the lobby while we went to Cosgrave's room."

"Later Cosgrave came down to the lobby with us when William asked him to meet my sister."

"Cosgrave and my sister were just shaking hands when Paul Altendorf (a Burns detective) and a Polish police agent walked up and seized William."

"William shrieked when Altendorf placed his hand on William's shoulder."

"Mr. Cosgrave, my brother cried, Cosgrave then whirled on William and struck him in the face."

"William never spoke of political affairs, the brother said. They thought him only a newspaper reporter and believed him incapable of implication in the bomb plot. He often received letters from the Slavish Press bureau in New York, they said."

A dozen persons here who knew Lindenfeld said they did not believe he was implicated. They said they were so sure they will willingly go on a witness stand and testify to that effect.

The brother and father denied Lindenfeld was related to Rosa Luxemburg, the German radical who was killed by a mob in 1919.

The regular meeting of the Delphian Society which was to have been held tomorrow afternoon in the Assembly room of the court house has been postponed until the second Friday in January.

### RIVALS THE CRUGER MURDER

Five-Year-Old Gilbert Bein Found With Head Crushed

(By United Press)

New York, Dec. 22.—A murder rivaling the Ruth Cruger case has been brought to light today with discovery of the body of Gilbert Bein, aged five, in a tub in the cellar of his father's tailor shop on the east side.

The child's skull had been crushed with blows from a club. Police are searching for a dark, tall youth with whom Max Bein, the father, says his little boy was playing just before he was killed. The slayer is believed to have placed the child in the tub and then struck him with the club, afterward placing the lid on the tub and calmly walking out right past his victim's father.

### Or Good Will to Men No Peace On Earth

By CARL VICTOR LITTLE  
(U. P. Staff Correspondent)

Chicago, Dec. 22.—There was no peace on earth or good will towards men, back of the yards today.

Packington, whose inhabitants huddle in the shadow of the "angle"—the world's meat center—faced a dreary Christmas and didn't care.

Through cracks in windows, broken during strike riots, came the reeking odor from the packing plants.

The only unpleasantness the smell caused was the reminder that "Finks" were working in the plants where men of the yards were employed before the strike.

Hurling of clubs or bricks, or jeering between strikers and strike breakers were the only disorders today.

Saloon doors have ceased to swing back of the yards yards. They were closed tight for the first time since prohibition raids started just as the

boys were preparing to lay in the holiday cheer.

Added to the yuletide gloom was the absence of leaders of the "back o' the yards gang."

Gene Geary, another "idol" was in an asylum after several murders were charged to him.

So "merry Christmas" was a vague wish, not a statement of fact in the yards district.

## POLICE UNCOVERED A SHOPLIFTING RING

Arrest Five Women in Indianapolis Who Are Alleged to Have Worked Together—Detective Saw Them

### ROUGH FIGHT FOLLOWED

(By United Press)

Indianapolis, Ind., Dec. 22.—A shoplifting ring was uncovered today police said with the arrest of five women.

The women are alleged to have worked together. A shoplifter always works in a crowd and the women are said to have formed the crowd for their operations in stores throughout the city.

Four of them are charged with entering a big department store, taking off their hats, donning five new ones and walking out of the store. That was their Waterloo.

A woman detective saw them leaving and gave chase. One of the four walked around with the revolving door and re-entered the store. A rough and tumble fight followed in which the detective's clothing was torn to shreds.

Police said they recovered \$1,000 worth of loot with the arrest.

THE INSTRUMENT OF QUALITY  
**Sonora**  
CLEAR AS A BELL

All makes of disc records are played perfectly by Sonora.

All graduation of volume, from the softest strain for an audience close at hand to the powerful swell for a large concert hall, can be had on Sonora without the slightest impairment of clarity and beauty of tone. A tone modifier which controls at the source instead of the exit, accomplishes this.

Rewinding after every other record is unnecessary on Sonora. An extra long-running motor plays from 15 to 45 minutes (according to the model) at a single winding. There is no pounding or thumping with a Sonora motor. It runs with the silence and reliability of a delicate, jewel-movement watch.

Metallic harshness and "blurring" of tone is never heard on a Sonora. Its vibrating tone passage, especially designed by scientific, patented process, prevents this. The mellowness of wood and the exclusive features of construction produce a tone as warm and rich and vibrantly alive as the original.

You have only to hear the Sonora tone once to understand why a competent jury of experts at the Panama-Pacific exposition awarded highest score for tone to the Sonora phonograph. It is the master of phonographic music.

### Conway Tearle at Princess

Conway Tearle, self-possessed, quiet, forceful, was presented last night to a section of his nationwide army of admirers in a starring vehicle for the first time. "Marooned Hearts," which is being shown at the Princess for the last time today, is a dramatic and scenic triumph affording Mr. Tearle, a suitable environment for his starring premiere.

Conway Tearle is undoubtedly one of the most delightful of the host of cinema stars and near stars of the day. His personality is pleasing both to men and women; he carries emotional passages forward without a trace of overacting or posing that most male stars find so hard to avoid.

With him in "Marooned Hearts" is Zena Keefe, who is altogether charming as the pampered society girl. The exterior scenes are wonderful and the interior sets rich and tasty. The story is by Lewis Allen Browne and direction was by George Archambaud.

### At The Mystic Tomorrow

"The same qualities that gave "Lasea," "The Fire Cat" and "The Unknown Wife" their fiery appeal, the dramatic speed of a masterful story, the realism given to the characters and the charming screen personality of the star, Edith Roberts, are in "Luring Lips," a Universal production which will be shown Friday at the Mystic.

Edith Roberts, surrounded by an excellent supporting cast gives one of the best performances of her career in this exciting story of love, adventure and intrigue. King Baggot, who directed the production, has staged the drama in his most capable manner. The suspense throughout the story is sustained to a high degree of absorbing interest. This is one story where the lady next to you can't predict what will happen in the last reel.

Adele Martin's short married life was wonderfully happy until the law took her husband. A fortune was missing from the bank where he was employed. Unjustly he was sent to prison. Adele lured a certain man into her life at the risk of losing her husband's love. As the affair progressed it was evident that someone would pay. Dave Martin, in prison,

had learned the truth. When he gained his freedom the three met accidentally. Adele played her trump card.

The story is a remarkable drama of a woman's heart, and is not only beautiful, but one of the most interesting stories of the year. The cast, including Darrel Foss, Ramsey Wallace, William Welsh, Carleton King, M. E. Stimson and other screen favorites give able support to the star.

### Men Who Have Foot Troubles

Time was when a comfort shoe, strictly so, had little style. But here is a combination wide-toe shoe with a narrow heel —yet it has real style and character. It has a snug thin instep and it fits around the bottom and top of the heel. Men who have been compelled to wear high shoes can now have perfect comfort and fit in oxfords.

Shown in a variety of leathers in both oxfords and shoes. Strong, long-lasting sole, beautifully stitched.

## A NEW TAX FREE INVESTMENT

The New Revenue Bill just passed by the Congress provides:

"The following item shall be exempt from taxation: So much of the amount received by an individual after December 31st, 1921, and before January 1st, 1922, as dividends and interest from domestic building and loan associations operated exclusively for the purpose of making loans to members as does not exceed \$300.00."

The Government is trying to help the housing situation, which is acute all over the country and in Rushville as well, by making dividends or interest exempt from the normal tax. This provision has never existed in any of the previous bills. You had better drop in our office and inquire further in this connection. All amounts to your credit on December 31st, begin to draw 6 per cent, not 3 per cent or less, on January 1st, 1922.

## FUTURE TRIBUNAL NOT CONSIDERED

Bryan Points Out That Conference  
Has Been in Session Five Weeks  
With no Further Thoughts

### SETTLEMENT OF QUESTIONS

Disputes Arising Should Have Tribunal to Offer Settlement, is His New Suggestion

By WILLIAM JENNINGS BRYAN  
(Copyright 1921 by United Press).

Although the conference has been in session for more than five weeks, no outward progress has been made toward the establishment of a permanent tribunal for a consideration of the questions that may arise from time to time between nations.

It was taken for granted that the president would not favor any plan that would take the U. S. into the League of Nations as it exists. Some thought that he might be willing to accept the organization under a new name and with changes made in the covenant to suit the reservations adopted by the United States Senate.

As time went on it became evident that the president and his advisers would prefer a new organization quite different in its general plan from the league.

It has intimated that the court of arbitration would be given a larger jurisdiction, that a certain code of international law would be agreed upon and a commission of inquiry established for the consideration of disputes which cannot be submitted to arbitration are settled by the application of specific rules. The four power agreement was pointed to as an illustration of the general principle that would be followed.

Now, however, it has leaked out that cooperation is being planned upon quite a different line.

Instead of one League of Nations made up of representatives of the governments, the nations will be divided into four groups each group representing a geographical area. One will include all of the governments in the western hemisphere; another all the countries in Europe; a third all the countries in Asia; and a fourth will be made up of a Pacific group. The world is not so much interested in any particular plan but international peace requires some plan.

There is a great deal to be said in favor of the group plan. All the members of a group would have an interest in every question coming before the tribunal. If the League included all the nations in the world many of the disputes would be local and of little interest to remote governments. All of the delegates who had a voice in the settlement of disputes would be more or less closely connected with the subject matter. The group system would especially commend itself to that portion of the American public which looks with suspicion upon American interference in European affairs and is jealous of European interference in American politics.

On the other hand the group system has the weakness of excluding disinterested nations whose counsel might be valuable to harmonize the conflict between the interests of nations immediately connected with disputes. However, nothing will be done in a hurry; the merits of the different plans can be compared when formally presented. The conference will not be a complete success unless it brings forth some continuing tribunal.

### FARMERS SELL CORD WOOD

Northern Indiana Cities Are Combating High Coal Prices

(By United Press)  
Plymouth Ind., Dec. 21.—Cord wood markets again are being established in the county seats of northern Indiana. On Saturdays in particular many farmers may be seen with wagons loaded with fire wood, which sells at \$3.50 a cord.

Cord wood markets in this part of the state were practically discontinued several years ago when soft coal came into general use.

Little coal has been shipped to northern Indiana points this winter, because of the high prices.

## VALUES

Of lands and goods are like the shifting sands and should not constitute all of the assets of any person, but should be protected by a Bank Account at all times. When values shrink, a good Bank Account will fill the gap and safeguard your business or property.

## YOUR DOLLARS

In a good Bank never shrink and Bank Savings accumulated the past few years have even increased in value, measured in purchasing power, more than 50 per cent, beside being available at all times when judgment dictates.

## GOOD JUDGMENT

However, should dictate that you keep your funds within your own control, and avoid speculative (investments) that your Bank Reserve can not safeguard; also that your Bank Reserve should be with a strong reliable, friendly Bank, that is alive to YOUR interests at all times.

## Bright Spots in News

New York—Revenuers saw some gents on the oil tanker Javary "pretty well oiled up". They sniffed the air and followed their noses to 27,000 gallons of 190 proof alcohol hidden in 38 oil drums.

Beacon, N. Y.—John Scheney was best man at the wedding of his grand father, Judge Frank Ribert and Mrs. Anna Sherman, a great grand mother.

New York—Vivid visions of vamps view for vindication in the city council chamber when Alderman McGuinness introduced a resolution to prohibit women smoking in public places.

Wilmington Del.—A flivver lost a front wheel on the busiest street here and continued for two blocks on three. A newsboy notified the driver who retrieved, attached his wheel and went on.

Philadelphia—The tanker Dartford seemed to have an unusual amount of laundry when it docked here. Revenue agents investigated and found 54 bottles of Scotch carefully wrapped in shirts, bed linen etc.

Peoria, Ills.—Police surrounded the home of Congressman Clifford Ireland and arrested two men as they were carrying forty gallons of wine from the cellar. Ireland voted for the eighteenth amendment. "Joke" he said in Washington.

Chicago—Chicago policeman hung up their brass buttoned coats, and dayblue trousers and suspenders today. They got measured for dress suits they will wear New Year's Eve to arrest liquor law violators at exclusive functions.

St. Louis—Edward Edwards, negro bank messenger, was reading a Bible on a street car when three bandits robbed him of a satchel containing \$8,180.

Pittsburg, Dec. 21—With industrial plants to unload more than \$30,000,000 in Christmas pay, business men here today were confident that the holiday trade would show a fifty percent improvement over 1920. There was a noticeable falling off in sale of luxuries.

## READY TO RECEIVE OFFERS

Reformatory Relocation Commission  
Open For Recommendations

(By United Press)

Indianapolis, Ind., Dec. 22.—The reformatory relocation commission is ready to receive offers for sites for the institution, Governor McCray said today. The governor is chairman of the commission.

The commission sets out that the site must contain about 1,200 acres with good facilities for farming, manufacturing, drainage, water supply, railway and transportation facilities and that it should have such resources as stone, sand, gravel, clay, shale and blue grass.

Governor McCray requested that the proposals be sent to Michael E. Foley, a member of the commission, in the Traction Terminal Building, Indianapolis.

## NOTICE OF ELECTION

On Tuesday, January 10th, 1922, a meeting of the shareholders of the Farmers Trust Company, of Rushville, Indiana, will be held on the second floor of their banking house at 10 o'clock A. M. to elect seven directors for the ensuing year.

### For a Pain around the Heart after Eating.

### TAKE

## PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pains; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

### TO ROAD CONTRACTORS

State of Indiana, Rush County, ss:

Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway 14,268 feet in length, in said county by grading, draining and paving with gravel, as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be opened and the contract awarded for said improvement on the 10th day of January, 1922.

Bids or proposals will be received up to 2 o'clock P. M. on said date. The said road to be improved is located in Walker township, in Rush county, Indiana, and is to be known as the John M. Wissing et al. No. 2 road when so improved.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the said board of commissioners or to carry out the same in any particular or to pay for any labor or materials which may have been furnished to any such contractor or contractors or to any sub-contractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said county.

PHIL WILK,

## SHIPS IN NEVADA, PALMS IN ALASKA

Geologist Assert That Recent Discoveries Indicated That Alaska Was Place of Lovliness

### SEA OCCUPIED NEVADA

Maintain That Large Body of Water One Time Covered Big Section of The Western State

Washington, Dec. 22.—Alaska was once a land of sunshine and flowers. Ferns and palms, such as now thrive in lands far to the south, once flourished in the sub-tropical climate of her valleys and lowlands.

But that was millions of years ago, before man existed, according to the United States Geological Survey, which has made a study of the fossil flora. Deep down in the coal beds have been found fossils of plants, which indicate that Alaska was ages ago a land of luxuriant loveliness.

Dusky savages of a remote past, or perhaps members of that enlightened race of cliff-dwellers, once looked across the waters of a huge lake in what is now northwestern Nevada.

Rude fleets perhaps wended their way in a primitive commerce across the great inland sea, which once spread over 8,400 square miles, also according to the survey.

Geologists have given the great body of water, which was present in "comparatively recent geological time", the name of Lake Lahontan, in honor of Baron La Hontan, one of the early explorers of the head waters of the Mississippi River.

The deepest part of Lake Lahontan, 880 feet, was the site of the present Pyramid Lake, a small remnant, so that its surface stood about 500 feet above the surface of Pyramid Lake.

A field of sand dunes, formed since the inland sea disappeared, now cover a large area a few miles north of Winnemucca, Nevada. The dunes are gradually moving eastward, and their steady march has necessitated a number of changes in the roads in recent years. In some places telegraph poles have been buried so deep that they have had to be spliced in order to keep the wires above the crests of the sand dunes.

## CHRISTMAS GREETINGS

Rush County National Bank

RUSHVILLE, INDIANA.

Dear Friend:

The greatest period of all the year, the period which radiates the spirit of kindness and love is Christmas Time.

You love to spend hours recalling the friendships and acquaintances of many people whose acts of kindness have won a permanent place in your life. When the time comes to show your appreciation, you will find it takes extra money to carry out your wishes.

Millions are saving each year for Holiday Expenses, and we want you to join our 1922 Christmas Club now forming and next year have plenty of money when you need it most.

Ask your friends to join with you. There is no better method for saving money than in our Christmas Savings Club because it is easy, safe and sure.

Cordially yours,

RUSH COUNTY NATIONAL BANK.

## CHRISTMAS PARTY FOR 50 CHILDREN

Rotarians Entertain Own Little Folks Wednesday Evening With Santa Claus and Tree

### STUFFED STOCKING FOR EACH

Members of the Rushville Rotary club entertained their children with a Christmas party at the Social Club rooms Wednesday evening, at which Santa Claus and a Christmas tree were the centers of attraction.

Fifty children enjoyed the sensation of seeing old Kris Kingle, with the proverbial red suit and suitably "whiskered," creep through the twilight of the ball room at the Social Club, up to the tree and gather up an armful of stockings stuffed with candy, nuts and fruit.

After supper the children were grouped about the large glass doors which lead from the dining room into the ball room, where nothing but darkness greeted their gaze. Suddenly the lights went out in the dining room and the Christmas tree in the center of the ball room, gorgeously arrayed, blazed forth its merry greeting with a score of twinkling lights.

As the little folks sat on the edges of their chairs, hushed and expectant, Judge Will M. Sparks read "The Night Before Christmas" with violin accompaniment by Miss Martha Winkenhof. Then the doors were thrown open and Santa appeared in all his glory, giving a stuffed stocking to each child. The good old man promised to come back Saturday night and the children sang "Holy Night" for him; then they went home to dream about chimneys and things.

## W. H. O'NEIL TO BE POLICE CHIEF

Included in Appointments For Next  
City Administration Announced  
By Mayor-Elect Today

### NEW FACES ON HEALTH BOARD

Dr. R. O. Kennedy to be Secretary  
and E. J. Farthing Street Com-  
missioner, Succeeding Havens

Walter Thomas, mayor-elect, to-  
day announced his appointments to  
the various offices for which he is  
responsible, principal among them  
being the appointment of William H.  
O'Neil, as chief of the police depart-  
ment, and E. J. Farthing as street  
commissioner.

Joe Williamson will be retained as  
chief of the fire department, which  
also comes under the appointment of  
the mayor. A new health board will  
take office, headed by Dr. R. O. Ken-  
nedy, who becomes secretary of the  
board, and the city health officer.

The other two members of the  
health board will be Dr. H. V. Logan  
and Dr. J. M. Lee. The board con-  
sists of two democrats and one re-  
publican. The retiring health officer  
is Dr. J. B. Kinsinger who was ap-  
pointed by A. B. Irvin, and the other  
two members who will retire are Dr.  
Will C. Smith and Dr. D. H. Dean.

A controversy which has arisen  
over the matter of the appointment  
of the city attorney, has not been  
decided as yet. As a fifth class  
city, the city attorney is appointed  
by the council, but as a fourth class  
city, the position becomes an ap-  
pointive one. Rushville is a fourth  
class city, but the management of  
the city government is conducted as  
a fifth class, which was done by  
the present administration in order  
to cut down operating expenses.

The present city attorney, George  
W. Young, who maintains that his  
position is up to the council, which  
will be of a republican majority, and  
if such is the case, would result in  
one change being made at the pre-  
sent.

Mayor-elect Thomas stated today  
that for the present he would not  
make any change in the fire chief,  
and he would wait until after the  
new motor pumper arrived, before  
any change would be made, if he  
should happen to make a change.  
Fire Chief Williamson is a democrat,  
but was appointed under the pre-  
sent republican administration.

Mr. Farthing, the new street com-  
missioner, who resides at 328 East  
Ninth street, has had considerable  
experience in this line; and also is  
an experienced ditcher. He will suc-  
ceed Will Havens, present commis-  
sioner.

Mr. O'Neil, new police chief, is at  
present employed at the City Market.

## FRED PETTIT HELD ON LARCENY CHARGE

Arrested in Indianapolis and Brought  
Here For Alleged Theft  
From Local Concern

LOOT IS ESTIMATED AT \$10

Fred Pettit, age 38, giving his ad-  
dress as 1651 Ashland Ave., Ind-  
ianapolis, is in jail here on a charge  
of petit larceny, being arrested by  
the police in that city yesterday and  
returned here to answer to the  
charge as preferred in Justice  
Stech's court. He pleaded not guilty  
today and was allowed to go on his  
own recognizance.

The affidavit alleges that he stole  
electric light bulbs and fixtures to  
the value to \$10 from the Rushville  
Implement company, during the  
latter part of November.

Two cases against Frank Mozingo,  
assault and battery and surety of  
peace, and a case of surety of peace  
against Wess Woods, were dismiss-  
ed in this court today, upon motion  
of the prosecutor.

Gerard Goodin pleaded guilty yester-  
day to a charge of evading a  
board bill and paid his fine of \$7  
and costs and made good a delin-  
quent bill. George Edmondson was  
the prosecuting witness in the case.

## RECORD OF 1920 IN HAILING DISTANCE

Sales Today, With Inn is, Pearce  
Employees Investing \$177.30  
Brings Seals Total to \$1213.54

### UNIQUE PLAN IS DEvised

Each of 125 People in Factory Con-  
tribute Three Hours Pay—Rush-  
ville Alone Buys \$1127.44

Last year's mark in the Red Cross  
double-barred Christmas Seals cam-  
paign was in hailing distance today,  
due to the addition of \$226.06 to  
the money which is being raised  
in Rush county to fight disease dur-  
ing 1922.

Innis, Pearce and company and  
employees were responsible for the  
largest day's sales reported in the  
campaign, the sum of \$177.30 having  
been raised in unique way to sup-  
port the Christmas Seals effort.

It was suggested to the people  
working in the furniture factory  
that they donate three hours pay to  
the cause and they readily ac-  
quiesced. There are approximately  
one hundred and twenty-five on the  
factory payroll.

By this act, they displayed their  
appreciation of the work of the vis-  
iting nurse, a part of whose support  
comes from the money derived from  
the sale of Christmas Seals. This is  
the first time this plan has been  
used in the campaign and it was or-  
iginal in the local factory.

The splendid showing today  
brought the total for the campaign  
to date up to \$1,213.54, which is  
only about \$100 short of the sum  
raised last year when the county  
averaged seven cents per capita.  
There is no doubt that the 1920  
mark will be passed as only one  
township, Anderson, outside of  
Rushville, has made a report. This  
township surpassed its quota by  
fifty percent, giving \$86.10.

With the sum reported by Miss  
Mary Stewart, Anderson township  
chairman, deducted, the total for  
Rushville city alone is \$1,127.44,  
which more than equals the goal  
of \$1,000 set for this city. The way  
Rushville and Anderson township  
has responded this year is a source  
of much satisfaction to the manag-  
ers. Continued on Page Three

The mercury missed the zero  
mark last night by 18 points, ac-  
cording to the low record estab-  
lished during the night, at the gov-  
ernment station in charge of Elwood  
Kirkwood. The weather predictions  
were from zero to 10 above, but the  
lowest reached was 18 degrees. At  
noon today the thermometer had  
climbed up to 24 degrees, only six  
above the low level, but indications  
were for warmer weather tonight,  
with probably rain or snow to-mor-  
row.

Temperatures for the next 36 hours  
are expected to be near freezing, ac-  
cording to the weather reports sent  
out this afternoon.

## HENRY WATTERSON IS DEAD IN FLORIDA

Noted Editor of Louisville Courier-  
Journal Succumbs to Bronchial  
Trouble at Jacksonville

### PIONEER NEWSPAPER MAN

Had Taken no Active Part in Jour-  
nalism During Last Few Years  
—82 Years Old in February

(By United Press)  
Jacksonville, Fla., Dec. 22.—Henry  
Watterson, noted editor of the Louis-  
ville Courier-Journal, died in a hotel  
here at 6:50 a. m. today.

Watterson came here to spend the  
winter because of failing health.

Bronchial trouble was the direct  
cause of Watterson's death. His  
wife, his son, Henry L. Watterson,  
Jr., and his daughter, Mrs. William  
Miller, were at his bedside when the  
end came. Funeral arrangements  
have not yet been completed, but it  
is thought probable that the body  
will be removed to his home in Jeffer-  
sonstown, Ky., for burial.

Henry Watterson was the "grand  
old man of American journalism." He  
would have been 82 years old  
next Feb. 16.

He was a pioneer in the news-  
paper field of the south middle west  
and by the bitter invective style of  
his editorials swayed the entire  
United States. It was he who first  
created the phrase:

"To Hell with the Hapsburgs and  
the Hohenzollerns" as the United  
States hovered on the brink of war.

For the last few years, he had  
taken no active part in journalism.  
He retired when the Louisville Cour-  
ier-Journal ownership passed from  
his hands to Robert Bingham, its  
present owner.

After his retirement from active  
editorial writing he composed the  
memoirs of his life in two brilliant  
volumes called "Looking Backwards"  
in this series, he told the entire story  
of his life.

He was extremely proud of the  
fact that he was born in Washington  
"the center of diplomacy." His  
father was a congressman from Ten-  
nessee and he early became identi-  
fied in national life.

John Quincy Adams used to walk  
along the streets of Washington with  
his arm on Watterson's shoulder  
while the boy read to him. He sat  
on the knee of Andrew Jackson. He  
was an amateur page in congress  
and was at John Quincy Adams' side  
when he fell.

Watterson began his newspaper  
career as a reporter on the Wash-  
ington States. Then came the civil  
war. The fiery old warrior of the  
pen then—a youth in his teens—  
enlisted and served as an aide de  
camp to Generals Forrest and Polk.

After the war he began a "travel-  
ing newspaper." He edited the Chat-

A fur theft amounting to \$120 or  
more was reported today, as the re-  
sult of two robberies on Monday  
night, one being at the office of the  
Hyman Schatz's Sons Company and  
the other being at the home of John  
Garrett, a fur buyer.

Two locks were broken at the  
Schatz place, corner of Third and  
Sexton street, and \$60 worth of furs  
were stolen, most of them being  
coon furs.

At the Garrett place, corner of  
Third and Arthur Streets, one block  
west of the Schatz place, another  
loss of \$60 was reported on the  
same night. The loss here included  
furs, and 15 star skunk hides.

The prowlers were not discovered  
at work and it was not known until  
the following morning that the plac-  
es had been entered. Harry Schatz  
stated today that they had a clue to  
the robbery.

## REVISES RULES ON SUBMARINES

Sub Committee of Arms Conference  
Naval Committee Votes to Change  
International Methods

### CAN'T BE DONE AT ONCE

Many Powers Other Than Those Re-  
presented in Washington Parley  
Must be Considered

(By United Press)  
Washington, Dec. 22.—Revision  
of the international rules of warfare  
as applying to the use of submarines  
was provided in a resolution adopt-  
ed by a sub committee of the arms  
conference naval committee, it be-  
came known today.

It was also revealed that America  
had opposed abolition of poison gas,  
contending its use was humane or  
more so than high explosive shells.

Revision of the submarine rules  
can not be accomplished immedi-  
ately because so important a topic af-  
fects other than the five naval pow-  
ers of the naval conference. This  
must be considered and acted upon  
by other nations.

Meanwhile, hopes for a speedy set-  
tlement of the naval limitation ques-  
tion by France agreeing to back  
down to some extent from the de-  
mand for disproportion in the line  
of light cruisers, submarines and  
auxiliary craft, were brighter,  
when it was learned the French dele-  
gation received another cablegram  
from Premier Briand.

The committee on armament at its  
morning session engaged in a gen-  
eral discussion but according to the  
American delegation, made no pro-  
gress and did not actually take up  
the question of submarines.

Away from home and without the  
support of his naval advisers Bri-  
and seems to be gradually backing  
down completely.

Britain's plea for total abolition  
of submarines was due for rejection  
whether the submarine question was  
to be taken up on its merits with re-  
gard to submarine relation to capi-  
tal ship tonnage.

The French group indicated be-  
fore the meeting that it would have  
a rather elaborate demand for aux-  
iliaries, paying no heed to the  
Hughes allotment and the natural  
place of France therein. How a cut  
in submarines was to be reconciled  
with the French demands was unre-  
vealed.

## FORGER IS APPREHENDED

Man Who Passed Worthless Check  
Here, Posing as Rotarian Arrested

A man representing himself to be  
Dr. John H. Beeson of Crawfords-  
ville, who with Dr. Beeson's Rotary  
club identification card, has been  
forging checks in many places  
throughout the country, has been ar-  
rested in St. Augustine, Florida, ac-  
cording to word received at Craw-  
fordsville.

A local merchant was one of the  
forger's victims. He came into Rush-  
ville one Saturday night and by  
means of his stolen identification  
cards, successfully passed a worth-  
less check. He left Rushville im-  
mediately and the forger was not dis-  
covered until some time later.

Dr. Beeson lost his Rotary club  
card at Milwaukee while attending a  
meeting of the National Dental as-  
sociation.

### CHRISTMAS PROGRAM

A Christmas program will be given  
Saturday evening at 7:30 o'clock at  
the Methodist Episcopal church in  
New Salem. There will also be a  
large Christmas tree. The public is  
invited to this entertainment.

### BARBER SHOPS TO CLOSE

All barber shops will close here  
all day on Monday, on account of  
Christmas being on Sunday this  
year.

### BABY GIRL IS BORN

A baby girl was born to the wife  
of Frank Cannon of Greencastle,  
Ind., early this morning, according  
to word received here. The baby  
was named Elizabeth Ann. Mrs. Can-  
non was formerly Miss Esther Black  
of this city.

## High School Glee to Carol Xmas Eve

The high school boys' and  
girls' glee clubs will sing  
Christmas carols in Rushville  
Christmas eve, Miss Sarah  
I. McConnell, supervisor of  
music and director of the  
clubs, announced today.

The two clubs will set out  
on their journey, in observance  
of an ancient custom about  
midnight Saturday night, and  
endeavor to cover every sec-  
tion of the city. Practices are  
being held and some selections  
suitable for the occasion are  
being rehearsed.

Rushville people who would  
like to hear the carol-singers,  
are asked by Miss McConnell to  
place a candle or a light of  
some sort in their window, and  
they will be given a special  
concert.

## STOKEL ADMITS DENTAL ROBBERIES

Man Near Death at Princeton Con-  
fesses he Entered Cunningham's  
Office With Theft Motive

### SHOT BY PRINCETON MAN

Broke Into Dentist's Offices in Sey-  
mour and Columbus, According  
to His Confession

(By United Press)  
Princeton, Ind., Dec. 22.—Lying on  
the hospital cot where he probably  
will die from two bullet wounds in  
his chest, Paul A. Stokel confessed  
last night to being a robber of den-  
tal offices.

Stokel said he had robbed Dr. C.  
D. Smith of Columbus, had broken  
into an office in Seymour and had  
intentions of robbery when he tried  
to spring the lock of Dr. J. E. Cun-  
ningham's door here and was shot  
by Cunningham.

A sudden turn for the worse in his  
physical condition and the proposal  
of attorneys of pressing the latter  
charge against him drew the con-  
fession from the New York man  
who said he was a buyer of scrap  
gold.

He was a heavy loser in horse rac-  
ing and was nearing financial ruin  
and saw no other way to clear up  
his debts, he stated. He said the two  
robberies and the third attempt were  
the only thefts he had ever under-  
taken but authorities are trying to  
obtain a more detailed confession.

"Why didn't you tell me you had  
everything mortgaged and we could  
have fought it out together?" sobbed  
his 22-year-old wife for whom he  
maintained a luxurious apartment in  
New York.

His divorced wife who came down  
from Chicago, said she and her  
daughter, 18 years of age, consid-  
ered Stokel an honorable man. Stokel  
is 42 years of age. It was revealed  
Stokel had served a prison term.

## ONLY ONE ALTERNATIVE

Ireland Must Accept Treaty, Leader  
of Irish Army Asserts

(By United Press)  
Dublin, Dec. 22.—Ireland does not  
like the British treaty and she does  
not want it—but she can do nothing  
but accept it, General Richard Mul-  
cahy, leader of the Irish republican  
army, told the Daily Eireann today.

Summing up the general attitude  
of the majority of the Irish people,  
he said:  
"We don't like the pact; we don't  
want a king; we don't want a crown  
representative; we don't want enemy  
forces occupying our harbors and  
we don't want to partition Ireland—  
but what alternative is possible?"

## 2 DAYS TO CHRISTMAS.

## GETTING DOWN TO BRASS TACKS

Members of Rotary Club and Elks  
Lodge Are Making Purchases  
For the Unfortunate Children

### LISTS ARE DISTRIBUTED

Managers of Fund Count on More  
Money, Believing Generosity of  
Friends Will Not Wear Out

### JUST TWO DAYS LEFT

Dr. Frank H. Green	5.00
<b>Total</b>	<b>\$477.15</b>

With the Daily Republican-Salva-  
tion Army Christmas fund shooting  
at the \$500 mark, those who have  
the responsibility for distributing  
the gifts among the unfortunate  
children of Rushville, were getting  
down to brass tacks today.

The cards bearing the names of  
the children in the families who are  
to be remembered, were distributed  
Wednesday evening and this morning  
among the members of the Rotary  
club and the Elks lodge. Each man  
received one family, and he is expect-  
ed to find what their needs are, make  
the purchases and deliver the gifts,  
together with a basket of food, if  
the family is to receive one, either  
Christmas eve or Christmas morn-  
ing.

A list of instructions given to  
each assistant Santa Claus explains  
how much is allotted for each child.  
The purchases are charged to the  
Christmas fund and the bills will be  
paid after Christmas.

In fixing the amount to be spent  
on each child, the managers of the  
fund counted on the generosity of  
contributors not wearing out before  
Christmas eve. They took into con-  
sideration that the money gifts  
would continue to come in until Sat-  
urday evening, as they have in the  
past, and the fund will come up short  
if any of Santa Claus' friends fail  
him at the last moment.

Close to the average of the last  
few days was maintained today when  
\$31.15 was contributed, almost half  
of it coming through the Salvation  
Army kettle.

## YOUNG MEN DRAW A SUSPENDED SENTENCE

Ora Patterson and Isaac Walls  
Plead Guilty to Stealing Over-  
coat From Alva H. Swain

### ALSO FINED \$1 AND COSTS

Ora Patterson and Isaac Walls,  
who pleaded guilty on December 8 in  
the circuit court to a charge of  
grand larceny, appeared this morn-  
ing, and Judge Sparks passed sen-  
tence upon them by giving them a  
fine of \$1 and costs and a sentence  
of from one to 14 years in the re-  
formatory, with the sentence being  
suspended during good behavior.

The two young men were arrested  
on an affidavit filed by Alva H.  
Swain, who alleged that they stole  
an overcoat belonging to Charles  
Linville, on November 6th, the al-  
leged transaction taking place in a  
country church. The overcoat, it was  
understood was returned soon after-  
wards to the owner.

Following their arrest on December  
8, each entered a plea of guilty, and  
their sentence was withheld until  
the court could investigate.

Patterson stated that he was 21  
years old and Walls gave his age as  
19.

HENRY WATTERSON IS DEAD IN FLORIDA

Continued from Page One

tanogga Rebel, a paper printed in a wagon. Later he went to Louisville, Ky., where he stayed for half a century to make newspaper history.

In 1868 he merged the Journal and the Democrat and the Courier into "The Courier-Journal." Then he took up the editorial banner to strike for a solidified north and south. With brilliant words that struck at the heart of every one, he drew the attention of the nations and his editorials were printed in journals throughout the country. Then the world came to know him as "Ole Marse' Henry."

He was a great advocate of journalistic enthusiasm. He repeated often the old phrase that "journalism is the art of knowing where Hell is going to break loose next and having a man there to cover it."

He hated the "glossy" and "showy" things. He used to roll down to the Courier-Journal offices in a big motor car, wearing a sailor's "pea jacket" instead of an expensive fur coat.

On the wall of his office where he wrote most of his editorials there were no pictures of famous lights of literature. There was little more than an old straight topped desk, stacks of papers crammed illogically in cubby holes and an ink well and pen.

He wrote a miserable hand and most of the printers had a hard time setting up his articles.

There were no typewriters in his day and when they finally came into use, he ignored them and stuck to his pet much to the disgust of the printers.

On one occasion he wrote in an editorial the words "pill edged bonds" and the printers read it "guilty edge bonds" and that was the way it got in the paper. Another time he wrote in tribute to an aged citizen of Louisville who had died "he has entered the sleep that knows no waking." The printers read it "he enters the ship that knows no shaking and thus it was printed.

Many famous journalists began their careers under Watterson. Among the most prominent are Isaac Macreosson and Irvin Cobb.

Of late years Watterson on account of advancing age, has not taken an active part in the work of his paper as formerly.

He was once in congress having been elected in 1876 to fill an unexpired term. Serving from August, 1876, to March 1877, Watterson declined to stand for re-election. He was temporary chairman of the Democratic national convention in 1876 and was a delegate in 1880, 1884 and 1888.

Watterson a life long Democrat, broke with Woodrow Wilson during the fight on the League of Nations. He actively opposed ratification of the League covenant and refused to support Wilson. His editorial attacks on the league was one of the final editorials of his day and were among his most forceful writings.

## War Mother of Christmas Seal

It was civil war that brought forth the charity stamp—our civil war of '61 to '65. Some of your grandmothers first played "postoffice" with stickers similar to Red Cross Seals was back in 1862, when they conceived the idea in selling stamps at fairs for the benefit of the relief funds for the soldiers' hospitals in Brooklyn, Boston and elsewhere. Nearly \$1,000,000 was raised in this way before 1865. After the war this

method of raising money was discontinued in this country for a generation, although it found vogue in Portugal, Switzerland, Austria, France, Spain, Denmark, Norway, Russia, Sweden, and other European countries. There are now several thousands of different types of charity stamps used in all parts of the world as many as 40 being used in Austria for children's hospitals alone.

Stamps or seals were first used to get money for the anti-tuberculosis crusade in Norway and Sweden in 1904. The Jacob Riis, the well known social worker of New York, and to Miss Emily P. Bissell, the energetic secretary of the Delaware Red Cross, jointly belongs the honor of originating our American Red Cross Christmas Seal. In 1907 Mr Riis' interest was aroused by the receipt of a Christmas tuberculosis stamp on a letter from Norway. He published an article about this queer looking stamp in the outlook and suggested some possible uses for it in this country. Miss Bissell at once saw any opportunity here and prepared a stamp, from the sale of which the society realized \$3,000 for tuberculosis work.

So impressed was she with this success that she induced the American Red Cross to take up the sale in 1906 on a national basis. It is fitting to note that war, inhuman and cruel, was the mother of the seal and that now war for humanity against disease brings it back to its fullest usefulness. Since 1918, however, the anti-tuberculosis work has grown to such proportions that it has been organized to stand alone. No longer connected with the Red Cross it is conducted now by forty-eight State Associations in conjunction with The National Tuberculosis Association. And the old Red Cross Seal is now known as the Double-Barred Christmas Seal.

## The I. &amp; C. Extension

The announcement that the Indianapolis & Cincinnati traction line may be extended next year has once again thrown Connersville into a state of deep despair. It is not possible to mention the subject (since the I. & C. decided to extend over the rich scenic route through southern Rush county) without a wailing and a gnashing of teeth over east.

Connersville has reason to reveal its chagrin because the extension is a valuable asset to any city. The route which has been selected opens up a territory untapped by any steam or electric line and will make Rushville a trading center for scores of people to whom this city is not accessible. Furthermore, it will make Rushville the principal city between Indianapolis and Cincinnati and the junction for the Connersville branch.

The traction line, in definitely selecting this route before the war, took into consideration every drawback and every good point of both proposals. Those who had the authority to designate the line to be

followed, evidently decided that the smooth rolling country in southern Rush county, with its prosperous population inhabiting well-cultivated and rich farmland, was a much more desirable section from which to draw patronage, than the hilly clay land of southern Fayette county.

It was plain that the absence of ravines in southern Rush county figured in the selection, because a

bridge will not be required every few rods, whereas in southern Fayette county, it is not difficult to leap from one hill to the other.

The Connersville News-Examiner, in lamenting the fact that the I. & C. has used such little judgment as to pass up the "several thriving communities to the south" of Connersville, says it is evident that someone has the idea that more business is to be derived from the "paw paw

area," referring to Rush county.

Paw paws, at least, require rich, productive soil and will not thrive on the clay dunes of southern Fayette where sweet potatoes starve to death. Commenting on extension of the line from Connersville, the News-Examiner points out that the only places missed "would be those small towns which lie on the wilderness route between Rushville and Brookville. The question is whether these are more important than Glenwood, Connersville, Laurel and Metamora."

The News-Examiner should be informed that the extension from this city passes through New Salem, Andersonville and Metamora and misses Laurel by only a mile, and has scores of other advantages over the Connersville route. Furthermore, Glenwood people would find it quite as easy to come to Rushville, and take the Cincinnati route as to go to Connersville.

## HARRY FRAZEE IS CHAMPION SELLER

Owner of Boston Red Sox With One Sweep Gets Rid of Quartet of Star Players

### WHAT HE GOT IN RETURN

Looks Like the Yanks Will Eventually Consist of Red Sox Graduates All Together

By HENRY FARRELL  
(U. P. Staff Correspondent)

New York, Dec. 22.—Harry Frazee has the reputation of being the champion seller of baseball and he's living up to it.

Annually as a matter of habit, the owner of the Boston Red Sox frisks his club of stars. His 1921 act is the champion.

With one sweep he gets rid of Everett Scott, the greatest fielding short stop in the game and the star endurance man of baseball; Stuffy McInnis, the greatest fielding first baseman in the game; Sam Jones and Joe Bush, a pair of twirlers that any club in the major league would take.

For them he gets from the Yanks, Roger Peckinpaugh, a slipping short stop and a trio of second hand pitchers, Jack Quinn, "Rip" Collins and Bill Piercey. For McInnis, he gets from the Cleveland Indians, Elmer Smith a first class outfielder, George Burns and Joe Harris who is now on the ineligible list.

All parties concerned, say there was no cash involved but wise baseball men laugh.

The Cleveland deal may have been a player-player proposition but the swap with the Yanks obviously carried large cash trimmings.

With Scott, Jones and Bush added to the line up the Yanks look rather sweet for another pennant. Huggins needed pitchers badly and now he has a real staff with Mays, Hoyt, Shawkey, Jones and Bush. The club still needs at least one outfielder to work until Babe Ruth and Bob Meusel serve their time. The deal with Detroit for Bob Veach is still on with the Tigers, but Howard Ehmke may drop out of the negotiations unless the Yankee colonels want all the pitchers in the league.

Eventually the Yanks may consist entirely of Red Sox graduates as the club now has on its roster Mays, Ruth, Sehag and Hoyt, who moved down from the common.

## PURPLE TOSSERS HAVE HIGH HOPES

First Time in Seasons, Northwestern Looms Out Bright Under Dana Evans, New Coach

### WAS FORMERLY OF INDIANA

Team Last Year Won Only One Conference Game And Schedule Opens on Jan. 7 This Season

Evanston, Ill., Dec. 22.—For the first time in seasons Northwestern university's basketball hopes are high.

The Purple tossers lost only one regular by graduation, Lyman, forward, and the yearling material, after several days of careful pruning, gives evidence of great strength.

Besides, the North Shore lads have a new coach, Dr. Dana Evans, formerly of Indiana University and Beloit. Evans comes to Northwestern with an excellent reputation as a tutor of winning basketball fives.

Though Northwestern won but a single Big Ten game last season, defeating Wisconsin in the opener, followers believe that Evans, with the strob nucleus of veterans, will finish near the top when the curtain falls in March.

Three good forwards are available Vincent Franzen, Saunders and Palmer. This trio is staging a merry race for permanent berths.

Holmes, who handled the pivot place creditably last winter, is counted, again a fixture, though Houghton, a sophomore, may break into the line-up frequently, if he shows expected form.

Jimmy Patterson, football captain-elect, is the leading contender for back guard, while McKenzie and Calhoun, clever performers in the passing game on the floor, are highly touted as aspirants for running guard.

The Purple five started auspiciously against Armour Institute, last Saturday, showing great offensive power. The first real test of the season, however, comes December 17, when Notre Dame's fast quintet appears on the Evanston court.

Featuring the pre-season practice games is the clash with the touring Yale university team on New Year's eve.

Northwestern's conference season opens January 7 against Minnesota at Minneapolis.

## TWO THINGS LOOM UP IN BASKETBALL

College Teams Are Stronger Than Independents and High Schools Are Going Big

### SCORES ARE COMPARED

Several High Teams Are in First Line For Claim on State Honors, Even This Early

By HEZE CLARK  
(Written for United Press)

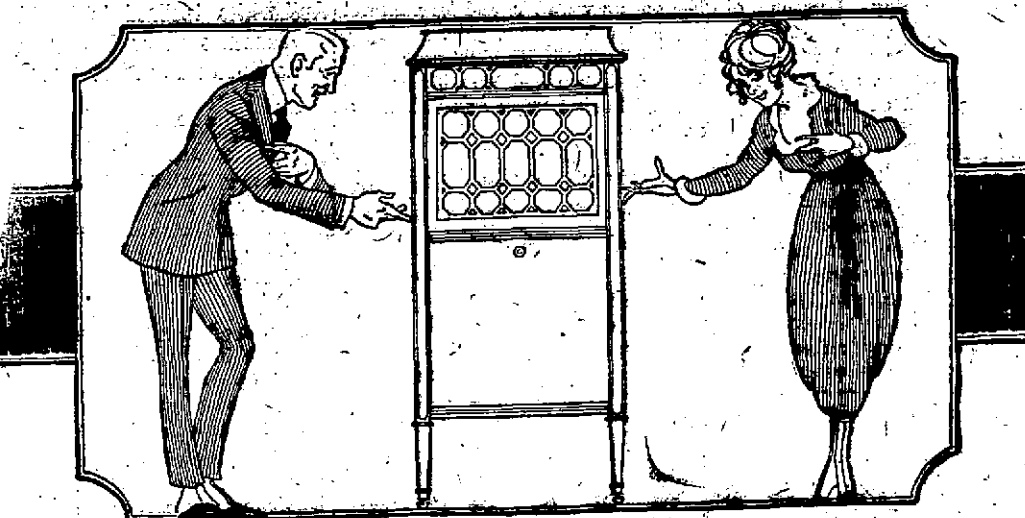

Indianapolis, Dec. 22.—Now that the basketball season is under full headway there are two things evident to the followers of this indoor sport. First is that the college teams are as a rule stronger than the best of the independents and professionals. Second is that there are some high school teams in Indiana that are so fast and clever, that they would give any Hoosier college a real game if the rules of the I. H. S. A. did not forbid regular games between high schools and colleges.

Not that the professional basketball players have not developed team work but these men playing for money rather than the sport and athletic exercise, do not have the fight and endurance to win close, hard fought games. This was shown last week by three games which were won by college teams in the final half. Butler came from behind and beat the Indianapolis Chamber of Commerce by a score of 34 to 29. Franklin college, after getting a bad start against Em-Roes, got busy in the last half and defeated the one-time independent champions of the Hoosier state.

Coach Pete Vaughn's fighting "Little Giants" trailed at the short end of a 20 to 11 score at the close of the first half of the game with the Chamber of Commerce, but the final score was Wabash, 35, Indianapolis Chamber of Commerce, 28.

Martinsville, Franklin, Anderson and Jefferson high of Lafayette, again have teams which will make strong bids for the state titular honors. Early games, however, show that some teams in some of the larger high schools of the state are extremely weak. The top heavy score of Anderson against Technical of Indianapolis is proof of this. Why the Indianapolis high school teams are so weak in basketball is a problem that sport critics are trying to solve. After all it is not necessary to look far. It is not the

## BOSTON LEADS IN FIELDING

For Sixth Consecutive Season, Red Sox Stand at the Head of the American League

YEAR'S AVERAGE IS .975

Chicago White Sox is Second With .969 and Cleveland Third With .967—Yanks Are Fourth

Chicago, Dec. 22.—Boston, for the sixth consecutive season, led the American league in fielding, figures released today show.

The Red Sox fielded for an average of .975, followed by Chicago .969; Cleveland .967; and the Yankees, .965.

Only 157 errors were chalked up against the Boston players, as compared with Philadelphia in last place with 274 miscues.

The Athletics, however, topped in the greatest number of putouts, 4,200; Chicago in assists, 2,134; and the White Sox also in the most double plays, 155.

With four triple plays in one season, one each by Chicago, Washington, St. Louis and Detroit, a new world's mark was set.

Individual fielding honors went to Stuffy McInnis, of Boston who batted only once in 152 games, for an average of .999. He plays first base.

The premier second baseman was Collins, Chicago, with a .968 mark, trailed by Wambegans, Cleveland, .963, considering only the men who played regularly. Dykes, of Philadelphia for the third straight year, topped Keystone sackers in accepted chances with an average of 6.17 chances per game.

Scott, Boston, was the real leader of the short stops with an average of .972, while Howard Shanks, Washington, headed the third basemen, handling 571 chances in 154 games for a .960 mark. He previously played the outfield until shifted to third when Foster was traded to Boston. Manager Tris Speaker of the Indians was first among outfielders who played regularly with an average of .984. Jacobson of St. Louis was second with .982 in 141 games.

Ray Schalk, Chicago, who has caught more than 1,000 games in nine consecutive seasons, again outdistanced the catchers with the exceptionally fine average of .985 followed by O'Neill, Cleveland, and Gharriety, Washington.

Coveleskie, Cleveland, with 168 assists, 23 put outs, for an average of .992, topped the hurlers. He participated in 43 games.

## High School Dope

The first squad had it's final practice in the "gym" this afternoon for tomorrow night's game. According to Coach Sutton, every player was "in the pink of condition."

The Senior Class Play Committee, composed of four seniors who are well versed in dramatic productions, is busily engaged in selecting a Senior Class Play. The personnel of the committee guarantees the success of the selection.

Although the High School Band hasn't practiced this week, and we thought that they had gone back on us, we have just learned from the cornetist that they will be at the game Friday night to contribute their usual share of "noise."

In yesterday's paper we told you if you hadn't ordered a Senior Annual yet to see a Senior about it. In order to prevent you from asking a lower classman by mistake, (which would embarrass him), we volunteer the following descriptive information: Seniors wear sweaters with "22's" sewed on them. The intelligent members wear blue and white ones, the others black and gold ones.

We will be able to tell you for certain in tomorrow's paper the team that the second squad will play in the curtain raiser for the New Palestine game. We think it will be Arlington. Speaking of the second team, reminds us of a practice game between the first and second teams Tuesday night. Out of sympathy for the second team we will refrain from printing the score.

## FOUR MEN AND TWO WOMEN IN THE PLOT

American Department of Justice Agent in Warsaw Refuses to Divulge Names of Suspects

SOUGHT IN N. Y. BOMB PLOT

Authorities Inclined to Doubt Lindenfeld's Story Because He is Known as "Wind Jammer"

By JOHN GRAUDENZ  
(U. P. Staff Correspondent)

Warsaw, Poland, Dec. 22.—Two women and four men plotted the Wall Street bomb explosion, Sylvester Cosgrove, American department of justice agent, declared here today.

Names of the plotters who are now being sought by police were obtained, Cosgrove said, from Wolfe Lindenfeld, now being held in jail here until his story can be verified.

Local authorities, however, are wary of Lindenfeld's story which implicates six radicals and exonerates him. A personal investigation of Lindenfeld's past activities and reputation revealed the fact that he is known as a "wind jammer." He admits he has lied several times to police and he changes his story every day. A personal friend of his told me, every one around his home called him "Windy Bill" because he bragged about himself so much.

"I think he is merely bragging," one of Lindenfeld's friends who know him in New York said.

Lindenfeld's younger brother and his father were heart broken. They were at first reticent to talk of Lindenfeld. They were extremely frightened, but finally told the following details of Lindenfeld's life up to the present time.

William (they called Lindenfeld by that name) was never involved in the Russian revolution. The aged father said:

"I can bring hundreds of witnesses to testify that he worked as a wood cutter with me during that time in the mountains."

William returned to Poland suddenly after a long visit to America. He had little money. Soon he was without funds and began borrowing money from his friends and his brother.

One day he received a letter informing him that Cosgrove was on his way to Warsaw to take him to America. William with moist eyes cried joyfully "My best friend—a member of the labor party—is coming to fetch me soon to see my wife and children."

When William first saw Cosgrove at the American embassy he greeted him heartily. They both men often after that, the younger brother sometimes accompanying Lindenfeld.

William was surprised that Cosgrove—a member of the Labor party, Lindenfeld believed—had such a good standing at the American embassy, but he did not become suspicious immediately.

"William and I then went on a short trip", the younger brother said. "When we returned my sister accompanied us to the hotel Bristol where we went to see Cosgrove. My sister waited in the lobby while we went to Cosgrove's room."

"Later Cosgrove came down to the lobby with us when William asked him to meet my sister."

"Cosgrove any my sister were just shaking hands when Paul Altendorf (a Burns detective) and a Polish police agent walked up and seized William."

"William shrieked when Altendorf placed his hand on William's shoulder."

"Mr. Cosgrove, my brother cried. Cosgrove then whirled on William and struck him in the face."

"William never spoke of political affairs, the brother said. They thought him only a newspaper reporter and believed him incapable of implication in the bomb plot. He often received letters from the Slavish Press bureau in New York, they said."

A dozen persons here who knew Lindenfeld said they did not believe he was implicated. They said they were so sure they will willingly go on a witness stand and testify to that effect.

The brother and father denied Lindenfeld was related to Rosa Luxemburg, the German radical who was killed by a mob in 1919.

The regular meeting of the Delphian Society which was to have been held tomorrow afternoon in the Assembly room of the court house has been postponed until the second Friday in January.

### RIVALS THE CRUGER MURDER

Five-Year-Old Gilbert Bein Found With Head Crushed

(By United Press)

New York, Dec. 22.—A murder rivaling the Ruth Cruger case has been brought to light today with discovery of the body of Gilbert Bein, aged five, in a tub in the cellar of his father's tailor shop on the east side.

The child's skull had been crushed with blows from a club. Police are searching for a dark, tall youth with whom Max Bein, the father, says his little boy was playing just before he was killed. The slayer is believed to have placed the child in the tub and then struck him with the club, afterward placing the lid on the tub and calmly walking out right past his victim's father.

### Or Good Will to Men No Peace On Earth

Chicago, Dec. 22.—There was no peace on earth or good will towards men, back of the yards today.

Packington, whose inhabitants huddle in the shadow of the "ungle"—the world's meat center—faced a dreary Christmas and didn't care.

Through cracks in windows, broken during strike riots, came the reeking odor from the packing plants.

The only unpleasantness the smell caused was the reminder that "Finks" were working in the plants where men of the yards were employed before the strike.

Hurling of clubs or bricks, or jeering between strikers and strike breakers were the only disorders today.

Saloon doors have ceased to swing back of the yards yards. They were closed tight for the first time since prohibition raids started just as the

POLICE UNCOVERED A SHOPLIFTING RING

Arrest Five Women in Indianapolis Who Are Alleged to Have Worked Together—Detective Saw Them

ROUGH FIGHT FOLLOWED

(By United Press)  
Indianapolis, Ind., Dec. 22.—A shoplifting ring was uncovered today police said with the arrest of five women.

The women are alleged to have worked together. A shoplifter always works in a crowd and the women are said to have formed the crowd for their operations in stores throughout the city.

Four of them are charged with entering a big department store, taking off their hats, donning five new ones and walking out of the store. That was their Waterloo.

A woman detective saw them leaving and gave chase. One of the four walked around with the revolving door and re-entered the store. A rough and tumble fight followed in which the detective's clothing was torn to shreds.

Police said they recovered \$1,000 worth of loot with the arrest.

THE INSTRUMENT OF QUALITY  
**Sonora**  
CLEAR AS A BELL

All makes of disc records are played perfectly by Sonora.

All graduation of volume, from the softest strain for an audience close at hand to the powerful swell for a large concert hall, can be had on Sonora without the slightest impairment of clarity and beauty of tone. A tone modifier which controls at the source instead of the exit, accomplishes this.

Rewinding after every other record is unnecessary on Sonora. An extra long-running motor plays from 15 to 45 minutes (according to the model) at a single winding. There is no pounding or thumping with a Sonora motor. It runs with the silence and reliability of a delicate, jewel-movement watch.

Metallic harshness and "blurring" of tone is never heard on a Sonora. Its vibrating tone passage, especially designed by scientific, patented process, prevents this. The mellowness of wood and the exclusive features of construction produce a tone as warm and rich and vibrantly alive as the original.

You have only to hear the Sonora tone once to understand why a competent jury of experts at the Panama-Pacific exposition awarded highest score for tone to the Sonora phonograph. It is the master of phonographic music.

Conway Tearle at Princess

Conway Tearle, self-possessed, quiet, forceful, was presented last night to a section of his nationwide army of admirers in a starring vehicle for the first time. "Marooned Hearts," which is being shown at the Princess for the last time today, is a dramatic and scenic triumph affording Mr. Tearle, a suitable environment for his starring premiere.

Conway Tearle is undoubtedly one of the most delightful of the host of cinema stars and near stars of the day. His personality is pleasing both to men and women; he carries emotional passages forward without a trace of overacting or posing that most male stars find so hard to avoid.

With him in "Marooned Hearts" is Zena Keefe, who is altogether charming as the pampered society girl. The exterior scenes are wonderful and the interior sets rich and tasty. The story is by Lewis Allen Browne and direction was by George Archambaud.

At The Mystic Tomorrow

The same qualities that gave "Lasea," "The Fire Cat" and "The Unknown Wife" their fiery appeal, the dramatic speed of a masterful story, the realism given to the characters and the charming screen personality of the star, Edith Roberts, are in "Luring Lips," a Universal production which will be shown Friday at the Mystic.

Edith Roberts, surrounded by an excellent supporting cast gives one of the best performances of her career in this exciting story of love, adventure and intrigue. King Baggot, who directed the production, has staged the drama in his most capable manner. The suspense throughout the story is sustained to a high degree of absorbing interest. This is one story where the lady next to you can't predict what will happen in the last reel.

Adele Martin's short married life was wonderfully happy until the law took her husband. A fortune was missing from the bank where he was employed. Unjustly he was sent to prison. Adele lured a certain man into her life at the risk of losing her husband's love. As the affair progressed it was evident that someone would pay. Dave Martin, in prison,

had learned the truth. When he gained his freedom the three met accidentally. Adele played her trump card.

The story is a remarkable drama of a woman's heart, and is not only beautiful, but one of the most interesting stories of the year. The cast, including Darrel Foss, Ramsey Wallace, William Welsh, Carleton King, M. E. Stimson and other screen favorites give able support to the star.
